Miss Ernestina Schmidt was here  
from Quito last Saturday and was a  
pleasant called at this office. As a re-  
sult of her visit the Anvil Herald hopes  
to be a pleasant visitor to her home  
for another twelve months.

Hondo was threatened with a rain  
yesterday morning, but beyond a slow  
drizzle of an hour or more duration,  
which will prove of but little value be-  
yond laying the dust for a day or so,  
was all we got. However, it is re-  
ported a good rain fell to the south of  
town.

Prof. W. N. Saathoff, Judge Noonan  
and District Attorney L. J. Brucks  
visited Castroville Sunday and spoke  
in the interest of the Fourth Liberty  
Loan at that place Sunday afternoon.  
We are informed that the Castroville

### Leopold Mann Dead.

News reached here from Camp Mc-  
Arthur, Waco, that Leopold Mann's  
condition—a case of pneumonia—was  
growing worse. By Thursday two  
more telegrams were received by Mr.  
Louis P. Mann, Leopold's father, say-  
ing that the patient's condition was  
critical and serious. So the father  
boarded the train Thursday evening  
for Waco. Yesterday morning an-  
other telegram arrived with the sad  
news that Leopold had died and his  
body would be shipped to Hondo for  
burial. Funeral arrangements had not  
been made up to the time we went to  
press.

Leopold Mann, the oldest child of  
Mr. L. P. Mann and wife, nee Emma  
Haby, left Hondo on July 16th as a  
drafted man to report at Fort Sam  
Houston. He was later transferred to  
Camp McArthur where he contracted a  
severe cold which developed into pneu-  
monia. Reports of the last week in-  
dicated a recovery until lately the  
above mentioned telegrams arrived  
here. The young man had never left  
his home, at the lower Hondo, before,  
and home-sickness had partly hindered  
his recovery. A good boy has gone to  
his reward and the grief-stricken fam-  
ily has the sympathy of everybody in  
the county.

### Notice.

We have a number of cases of influ-  
enza in every town in the county,  
therefore request the public to avoid  
public gatherings. Will ask the pa-  
rents, especially, to keep their chil-  
dren at home as much as possible.  
Cover up each cough and sneeze. If  
you do not you'll spread disease.

H. J. MEYER,  
County Health Officer.

### District Court.

The fall term of the district court  
will meet here Monday, October 14.  
Following is a list of the cases on the  
docket:

Briscoe vs. J. H. Bright, a commis-  
sioner, and W. H. Koehler vs. W. L. Da-  
bouse et al., pending in higher court.

### Sailor Boy's Funeral.

One week after his death in the nava-  
l hospital at Norfolk, Virginia, and near  
the hour of his demise, the mortal re-  
mains of Osborne Chancey were laid  
to rest in Oakwood cemetery Thursday  
afternoon. A large concourse of sor-  
rowing friends were in attendance to  
pay a last tribute of respect to the  
dead young sailor boy.

The body arrived on the belated  
Thursday afternoon's train and was  
met at the station by a great throng  
of people; five navy boys that happen-  
ed to be in San Antonio, and one of  
our navy boys at home on a furlough,  
took charge of the body and acted as  
pall-bearers—a last service to a com-  
rade who was in the same arm of the  
service as themselves.

With his casket draped in the flag  
he loved so well the body was first car-  
ried to the Methodist Church, of which  
he was a member, and from there was  
carried to the home of his parents, Mr.  
and Mrs. M. A. Chancey for a brief rest,  
and from there to its final sleep in  
Oakwood, Rev. J. W. Long conducting  
the services.

The young sailor had never been  
home since entering the service and  
his parents and other relatives and  
friends were fondly looking forward  
to an early visit home as he had but  
recently returned from a long voyage in  
South American waters. But what a  
sad home-coming—coming to never  
depart again.

The memory of this young sailor  
boy will long be cherished by the peo-  
ple of Hondo.

### School Suspended.

At a meeting of the board of trus-  
tees of the Hondo Public Schools held  
yesterday evening it was determined  
to suspend the school for a short period  
owing to the epidemic of Spanish influ-  
enza now sweeping over the state.  
The disease has not as yet made its ap-  
pearance here, and the action of the  
board is merely precautionary. The in-  
fluenza is said to be a crowd disease,  
and should it appear in the school it is  
probable it would spread to practically  
every home in the town; with the  
school suspended it is possible, should  
the disease make its appearance here,  
to confine it to the home in which it  
develops. It is hoped the suspension  
will be only temporary.

## When You Fight--Fight

FIGHT as these American soldiers fought in the  
streets of Fismes. "They covered themselves with  
glory," the papers say. Of course they did—they are  
Americans.

They met the finest of the enemy's troops in a ter-  
rific hand-to-hand struggle. They used their guns—  
their bayonets—their bare fists. Every American soldier  
went after his man desperately, fearlessly, persistently,  
with one great driving purpose—to whip that Prussian  
Guard, to silence its machine guns—to win!

It's a pretty good way to fight—this American way.  
It wins battles over there, it will win a splendid victory  
over here—if we fight when we fight—if we buy  
Liberty Bonds to our utmost.

When you fight—fight! When you buy—buy!

Lend the way they fight—Buy Bonds to your utmost

### Farmers Urged to Sit Steady.

Field Agent Davis Cautions Producers Not to Be Stampeded.

Special Correspondence Daily Sun.

Powder, Texas, Sept. 29.—An interested crowd of farmers and business men listened for an hour yesterday afternoon to Fletcher Davis, Field Agent of the State Department of Agriculture, discourse on Rural Organization and Co-Operation.

In plain, simple, straightforward language he told how farmers can organize and co-operate for mutual profit. Then branching off on the specific subject of cotton, he showed how for more than twenty five years every organized effort to market cotton judiciously has resulted in higher prices to the farmer, whereas every time the manipulations of the bear speculators have destroyed the organized efforts, cotton has slumped to below 10c a pound.

He counseled the farmers to refuse to be stampeded by present bear manipulations and to sit steady in the boat.

"No man can foresee what turn the market may take," admitted the speaker. "But of this we are certain," he emphasized, "it has cost 35 cents per pound or better to produce this crop. To sell it for less means bankruptcy to the South. Let us stand together and hold for this price and bombard our government officials with petitions to save us from the ruin a less price would cause. If we win we will all profit together. If we fail we can but all go down in one common ruin together."

Many of our farmers shook hands with Mr. Davis after his speech and endorsed his position in the matter.—Corsicana Light.

#### As Usual.

Of course it will be no news to the Anvil Herald readers when we state that the Fourth Liberty Loan has gone "over the top" in the Hondo Independent School District, and is still going. The trustees of the Hondo district, having a little spare time Thursday evening, concluded to utilize their leisure in putting the district "over the top," which they did with but little effort. The people of this district are not only 100 per cent loyal but are also shrewd business men and know that as guilt-edge security there is nothing to equal a United States bond.

The termination of this war will leave the United States the financial giant of the world, and the bond that you can now buy at par will go to a premium of 110 or 112 within six months after the close of the war, making them the highest interest-bearing security you can get should you care to sell.

While at it, let's double our quota. It can be done without much effort, and it will redound to the ever lasting credit of our people. Our boys on the battlefronts are pushing the Huns to their utmost with the bayonet. Let's back 'em to the utmost with every thing necessary to secure an early victory and a lasting peace. Let there be no slackers. A slacker now is an enemy to his country. Anyone that can possible do so and fails to provide himself with a bond deserves the execration and contempt of his neighbors. Thank God there are but few if any of this kind of cattle in Medina county.

Buy bonds and back up the boys "over there." We are in this war to win—the same as in every other war we have ever engaged in.

Buy bonds and do your part even if the district's quota is already over-subscribed.

#### Flag Day at Biry.

The flag raising service proved the greatest success that the Biry Social Center League has yet had.

The attendance was large and the program was good. The program began by assembling before the flag-pole and singing "America," followed by a splendid recitation by Alice Bihartz. The flag was then raised and saluted and "The Star Spangled Banner" was sung.

Little Miss Elya Belle Bihartz gave a good recitation, which was followed by a patriotic address by A. W. Myres. Gladys Godden gave a good recitation after which "God be With You" was sung.

The program was then continued in the school-room by singing several popular patriotic songs.

A good recitation was given by Alma Bihartz, and a comic dialogue by Elbert Watson, Arnold Bendele, Vincent Haass, Erwin Hartung and Marguerite Dillard.

A called meeting of the Red Cross Branch followed. Mrs. Rudolph Haass donated a large box of home-made candy containing a prize. A donation of five cents to the Red Cross gave the privilege of a guess at the prize, and the correct guesser received the candy. Mrs. Jack Biry and Adella Biry were the lucky guessers. Five dollars was realized from the box of candy.

## They're in to Win

Fair targets, every one of these men, for the German riflemen and machine gunners hidden behind the parapet.

But they are not thinking of the bullets whizzing past them; of the shells bursting over their heads.

They are intent on one thing—to scale that bank, take the bridge head and **win the day.**

And these men are made of the same stuff as all true Americans who read these words.

If we are the same stuff, let us prove it. Let us get into the fight as they do—to the limit—for Victory!

### Conservation of Live Stock and Leather.

SAN ANTONIO, TEXAS, Oct. 5, 1918.

Mr. Fletcher Davis, Editor Anvil Herald, Hondo, Texas:

Dear Sir—The Texas State Council of Defense wishes to advise you of the appointment of Mr. D. W. Short to act as special agent of the State Council of Defense at, and in the vicinity, of Hondo, Texas.

Mr. Short will devote his attention to the conservation of live stock, meat and leather, which resources are so greatly needed at the present time so that our allies and our own soldier boys may be supplied.

Many thousands of dumb animals are killed in this state, as a result of stock being permitted to stray on railroad tracks. Many communities have passed stock laws prohibiting the running at large of stock.

We suggest that you get in touch with Mr. Short of your town, as he will be in a position to tell you something of his campaign.

Trusting that you will co-operate with our forces in this matter, we are, Yours very truly, TEXAS STATE COUNCIL OF DEFENSE.

Hopes to Bring Same Benefit to Others Who Suffer—He Gained Twenty-five Pounds By Taking Tanlac.

"Yes sir, it's a positive fact, I have gained twenty-five pounds in weight and have been benefited so much that I think it is time for me to talk Tanlac for the benefit of others," said J. W. McBeth, postman for eleven years on Route 5, residing at 2428 Popular street Oklahoma City, Okla.

"Three years ago I began to weaken from what was said to be impoverished blood and I continued to go down. My appetite was very poor and what I ate gave me no nourishment. I lost weight until I fell off some thirty pounds. I got so nervous and worried and downhearted that I couldn't eat, sleep or work on account of my condition. I was just about out of commission when I decided to try Tanlac.

"I began to build up in a short time after I started on my first bottle. My appetite returned in full force. I can now eat as heartily as anybody and feel stronger and better than I have since my trouble began. When I saw that Tanlac was doing me good, I kept on taking it until now I feel like a new man. I sleep as sound as a baby every night, make my twenty-six mile trip every day and never feel tired. I am so glad I have regained my health that I want to tell everybody about Tanlac."

Tanlac is sold in Hondo by W. H. Windrow.

**POUND BUTTER SALES  
AFTER THE NEW YEAR.**

In order to prevent the waste of labor and parchment of paper and carton made for units smaller than the pound size, the rule prohibiting the manufacture or sale of butter in less than pound prints has been amended so as to go into effect on January 1, 1919, instead of September 15, 1918. This is to prevent the waste of supplies of printed paper and cartons already on hand.

After the first of the year no quarter or half-pound prints or any prints less than a pound can be made or sold; provided, however, that a retailer may cut a unit of a pound or more and sell a portion of any size demanded by his customers.

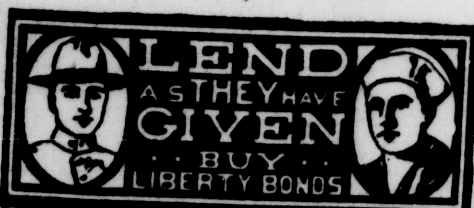

The rule, it is expected, will result in the saving of considerable quantities of paper, as much more is required to wrap a pound in quarters or halves than in one piece. There will also be a large saving in cartons and in the labor necessary in putting up the butter.

Tickling in the throat, hoarseness, loss of voice, indicate the need of **BALLARD'S HOREHOUND SYRUP**. It eases the lungs, quiets the cough and restores health in the bronchial tubes. Sold by W. H. Windrow.

**America's Natural Bridges.**

There are probably more natural bridges in America than in any other country. Rainbow, the largest in existence, is 308 feet high. Its span is six times as great as that of the natural bridge of Virginia. Utah has three natural bridges that are higher and of greater span than any other natural bridges in the world.

When the chest feels on fire and the throat burns, you have indigestion, and you need **HERBINE** to get rid of the disagreeable feeling. It drives out badly digested food, strengthens the stomach and purifies the bowels. Sold by W. H. Windrow.

A valuable dressing for flesh wounds, burns, scalds, old sores, rash, chafed skin, is **BALLARD'S SNOW LINIMENT**, it is both healing and antiseptic. Sold by W. H. Windrow.

**No Worms in a Healthy Child**

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. **GROVE'S TASTELESS CHILL TONIC** given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

**Grove's Tasteless chill Tonic** destroys the malarial germs which are transmitted to the blood by the Malarial Mosquito. Price 60c.

If your child starts in its sleep, grinds its teeth while sleeping, picks at the nose, has a bad breath, fickle appetite, pale complexion, and dark rings under the eyes; it has worms; and as long as they remain in the intestines, that child will be sickly. **WHITE'S CREAM VERMIFUGE** clears out the worms, strengthens the stomach and bowels and puts the little one on the road to health and cheerfulness. Sold by W. H. Windrow.

**Favors Early Parenthood.**

Early parenthood is productive of warriors, but not of good brain workers, for, says Doctor Redfield, "when we look over those intellectually superior men who have done so much for the world's advancement we find them to have been predominantly the sons of elderly parents and only rarely the sons of men less than twenty-five."

All you who have torpid liver, weak digestion or constipated bowels look out for chills. The season is here and the air is full of the disease germs. The best thing to do is to get your liver in good condition and purify the stomach and bowels. **HERBINE** is the right remedy, it answers the purpose completely. Sold by W. H. Windrow.

## Local, Personal and Business Items from This Busy Burg

CASTROVILLE, OCTOBER 10, 1918

ED. HUEHNER, LOCAL REPRESENTATIVE

News or business matter for this page for the week's issue should be submitted to Mr. Huehner or mailed direct to us at Hondo not later than Wednesday night of each week.

W. N. Saathoff, our popular superintendent of schools and food administrator of Medina county, was a Castroville business visitor Wednesday.

Leo Tschirhart and Harry Hans were Alamo City visitors Wednesday.

Col. Frank A. Murell and family and Joe Frey of this place, and Joe Mauers of Seguin, left Thursday on a prospecting trip (per auto) to California.

J. W. Crutchfield of Devine, and Oscar H. Miller of Hondo, candidates for sheriff and tax collector, respectively, were mingling with the boys here Friday. Mr. Crutchfield was accompanied by John Kempf, a former Castroville boy.

Our Mexican population enjoyed another "baile" at Wernette's Garden Saturday night. We understand it was given for the benefit of their school.

A service flag, containing fifteen stars, was hoisted at the Ev. Lutheran Church here Sunday. Rev. Walter Kralik explained the significance of the same in very plain but impressive words, whereupon the choir sang "The Star Spangled Banner."

Mr. and Mrs. Frank Wurzbach and children, and Miss Minnie Wurzbach were here from Rio Medina Sunday.

Castroville goes over the top on Fourth Liberty Loan in two hours at a meeting held here Sunday afternoon at the school house. The quota was oversubscribed by nearly a thousand dollars. The meeting was addressed by County Judge R. J. Noonan, District Attorney L. J. Brucks and Co. School Supt. W. N. Saathoff, of Hondo, who are members of the Medina Co. Council of Defense. The quota was liberally oversubscribed in spite of the three years growth experienced by our community. Committees in charge will make a thorough canvass of their district.

Miss Agnes Schorp of Riomedina spent Sunday here.

Born, to Mr. and Mrs. Leo Haby of French Settlement, on Tuesday, October 1, a son.

Joe J. Rihn was a Hondo business visitor Monday.

Miss Evelyn de Montel and Miss Corinne Ney, Lt. George Belser and Lt. Marlin Milard were here from Hondo Sunday visiting relatives.

Mr. and Mrs. Jack Haby and daughters, Misses Alice and Ophelia, of Dunlay, were here Sunday.

Mr. and Mrs. Robert Decker and little daughter were here Saturday on their way home from San Antonio.

Mr. and Mrs. Armin Bendele and children were here Sunday from Biry.

Hy. and Otto Wurzbach from Cliff, and Herman Bippert of Rio Medina were here Sunday.

Mr. and Mrs. Jos. Courand and sons, Joe, Claude and Francis, and Miss Josephine Courand of San Antonio were here Saturday on their way to Seco, on a visit to Mr. and Mrs. Augustus Rothe.

Mrs. John Schorp and little son of Riomedina spent the week here with Mrs. Schorp's father, Louis Ihnken, who has been sick.

Mrs. Fletcher Davis and children, Miss Octavia Davis and Miss Lucile de Montel and Master Shortie Hollaway of Hondo spent Sunday here.

Mrs. John Patch returned to her home in San Antonio Saturday.

Mrs. Frank Grimsinger and son, Alvin, of San Antonio, and Mrs. Robert Rihn and little son, Lloyd, visited Mr. and Mrs. Wilfred Wernette and Mrs. Mary Wernette at Riomedina one day this week.

Mrs. Joe Steinle and children are spending the week with Chas. T. Wurzbach and family.

Mr. and Mrs. Henry Steinle received a card from their son, Harry, saying he had arrived safe over sea.

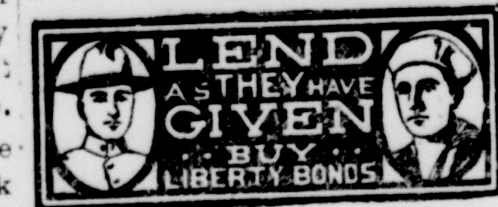

Mr. and Mrs. Hubert Zuercher were visiting in Dunlay one day this week.

Mrs. Joe E. Tschirhart and two sons were here from Noonan shopping Monday.

The Hondo Highschool pupils, chaperoned by Mrs. Lou Heath and Mrs. Sadie Hutzler, and their teachers, Miss Pace, Miss Marguerite Wanshaff and Miss Jackson, enjoyed a picnic here Saturday at the old mill.

Mr. and Mrs. Willie Rihn received a letter from their son, John, this week saying he had "gone over the top;" not to worry, he was in fine health.

Mr. and Mrs. Otto Haby and little daughter, Edith, visited in San Antonio one day this week.

**A Beautiful Woman.**  
Do you know that a beautiful woman always has a good digestion? If your digestion is faulty, eat lightly of meats, and take an occasional dose of Chamberlain's Tablets to strengthen your digestion. Price 25c.

**Bronchial Trouble.**  
Mrs. A. E. Sidenberder, Rockfield, Ind., states: "For an attack of bronchial trouble which usually assails me in the spring I find Chamberlain's Cough Remedy the only thing that gives me relief. After using it for a few days all signs of bronchial trouble disappears."

—Pay the President.

**Can now Eat and Sleep in Comfort.**  
If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well."

**Sabinal Sentinel Siftings.**  
Mr. and Mrs. C. W. Dumont and Mr. A. T. Forst of Hondo are visiting Mr. and Mrs. W. Ed. Kelley today.

Mrs. T. E. Wyatt went to San Antonio Wednesday.

Mrs. B. Marks went to San Antonio Monday.

Mrs. R. B. Reynolds of Hondo came over last Friday to visit Mr. and Mrs. Oscar Shane.

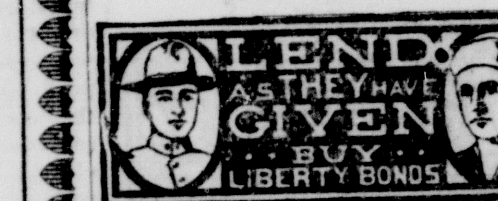

Miss Phoebe Jo Gibson came home last Friday from Yancey where she is teaching to spend the week end.

## Calomel Users! Listen To Me! I Guarantee Dodson's Liver Tonic

Your druggist gives back your money if it does not liven your liver and bowels and straighten you up without making you sick.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel. It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can't salivate. Children and grown folks can take Dodson's Liver Tonic, because it is perfectly harmless. Calomel is a dangerous drug. It is mercury and attacks the system. Take a dose of nasty calomel and you will feel weak, nauseated tomorrow. Day's work. Take a dose of Dodson's Liver Tonic and you will wake up feeling more biliousness, constipation, grishness, headache, coated stomach. Your druggist you don't find Dodson's Liver Tonic acts better than calomel. Your money is waiting for you.

## INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating, you may know that your digestion is faulty, unless you have eaten more than you should. Belching, sour bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. It is usually accompanied by constipation and is aggravated by indigestion. The Tablets cause a movement of the bowels, relieve indigestion, and restore the stomach to its normal condition. Tablets are also most effective in cases of indigestion. Sold everywhere.

## America's Coming of Age

By DR. FRANK CRANE

America is coming of age.

The nation's hundred years of democracy have been but the preparation for its manhood.

It is a cheap jibe to say that America was unprepared for this war. It has had the mightiest preparation in the history of nations. For over a century Destiny has been preparing in this New World a spirit of triumphant Democracy. Such a spirit cannot be made. It must be grown, inbred.

On this Western Continent Destiny has been training the young Galahad for the rescue of the world.

Nature has an antidote for every poison.

## American Democracy Is the Antidote for German Autocracy

Every one of our wars has been for the same purpose: to liberate the common man.

The Revolution of 1776 was to get the privileged class of England off the backs of the American Colonists who were redeeming this wilderness.

The War of 1812 was to rescue American seamen from oppression.

The Mexican War was to liberate the settlers of Texas from the whimsy cruelty of Mexico.

The Spanish War was to save the people of Cuba from the tyranny of the Spanish Government.

Every time our army and navy have gone forth it has been to clean up some filthy autocracy.

But all of our wars have been but a preparation for our present task. We did not realize it. No man foresees his destiny, no nation foresees its mission. Yet the life of every nation, as of every man, is a plan of God.

God has been piling up riches on this continent until we are the wealthiest

nation in the world. He has been sharpening our inventive skill and our business ability. Our training has been intensive.

Now God says, "America you are come of age. All I have done for you is to prepare you for the present conflict, for your real work. Go forth and make the world a decent place to live in."

At this time every son of America is called upon to do his utmost. The slacker is a traitor.

We are sending men across the ocean, men who are physically and mentally the pick of the world, an incomparable army. But the men at home must back them up.

It is as much our solemn duty to put our money into the Fourth Liberty Loan as it is the duty of the soldier to stand firm at his post in battle.

The Fourth Liberty Loan is to be our supreme effort. God helping us, we shall not be found wanting. Let us subscribe all we can, and a little more.

America, Civilization, Democracy, Humanity, expect every man to do his duty

**Took Peanuts for Subject.**

Harvesting and Utilizing Crop Discussed by Experienced Man.

Mr. Fletcher Davis, Field Agent of the State Department of Agriculture at Austin, spent today in Corsicana and Navarro county. Mr. Davis' visit was primarily to inquire into the marketing of cotton and cotton seed in his department. Mr. Davis contends that cotton should be sold by the farmer for not less than 35 cents and is one of the means of getting at the matter of enabling the farmer to get the best possible price for his cotton. The Department of Agriculture is looking into the methods and manner of marketing the crop, contending, of course, that this has much to do with affecting the price.

Mr. Davis' department is interested in all agricultural work, giving instructions on all features pertaining there. While discussing agriculture and in general, with a Sun reporter, Mr. Davis talked at some length on the subject of harvesting and utilizing peanuts, in the course of which he gave the following very useful information:

Do not be in too great a hurry to harvest the peanut crop. When the leaves begin to ripen, or turn yellow under normal weather conditions, and on the inner lining of the hull has changed from white to dark color and nuts do not rattle in the shell after being dried a few days, plow them out with a potato digger, or a turning wheel from which the mold-board has been removed, being careful to plow shallow as possible, without leaving the nuts in the ground. The hogs bearing nodules are on the surface of the plant, and the roots, for a reason, are more valuable left in the ground than harvested with the plow. Allow the plowed-out nuts and leaves to dry an hour or two and then place them in small, well ventilated sacks—preferably around a pole and the ground a few inches—and let them cure thoroughly for five or six weeks. Do not handle when damp from dew or rain and watch stalks to that they do not heat or mould, colored or mouldy peanuts do not command top prices on the market.

The average yield per acre the county over is 34 bushels of nuts and from 18 tons of hay, but a much smaller yield should still bring a reasonable price to the grower.

Grown only for feed, they can be stored or stacked in a large stack when properly cured; but if the nuts are crushed at the mills—and many seed oil mills are now prepared to crush them—or sold to buyers, they are picked from the vines. This is done either by hand or machine, but it is better, if possible to employ the latter as being more economical and faster. There are two kinds of threshers—the rotary thresher and the belt thresher. The rotary thresher can be had for from \$400 to \$500, and there is a peanut attachment for the ordinary grain thresher that can be had for \$90 to \$100. Some object to the rotary thresher on account, as they say, of the large percentage of nuts it damages and prefer the peanut thresher, a machine that works on a different principle from the rotary thresher. If a community grows a decent acreage of sound, clean peanuts, threshers will seek out these communities to cater to their custom. Powers can co-operate in the purchase and operation of a machine.

Finding the average yield for the year and the minimum price of the year for the nuts and the hay, are a profitable commercial crop. Should the price, by any outward instances, fall to an unprofitable level, they are the best single crop that can be grown for stock feed, being a complete balanced ration with themselves but too rich in oil to alone.

For use as human food on our tables is becoming quite extensive and are destined to become of far general use in this way. Recipes for the utilization of the peanut as a food will be furnished on application to it by the State Department of Agriculture, Austin.

In short, there are so many ways in which the plant can be profitably utilized that there is no risk involved in production along this line. With present demand for all kinds of oil seeds and for all kinds of mill feeds, it should command a good price whether it be marketed judiciously or dumped too indiscriminately on the market.

When harvested, the crop should be stored as soon as possible, or when conditions will permit, with a crop of oats or rye for protection from blowing and washing. The peanuts should make individual plantings and handpick its seeds with a view to improving the quality of its next year, rather than permit it to "run out." — Corsicana Daily Sun, Sept. 16th.

**PLENTY OF PROOF.**

From People You Know—From Hondo Citizens.

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Hondo, of people who can be seen at any time. Read the following case of it:

Mrs. Heyo Schweers says: "I suffered from an attack of kidney complaint; the whole trouble seemed to be with the kidneys acting irregularly. I believe the complaint was brought on by a cold settling in my kidneys. I got Doan's Kidney Pills at Windrow's Drug Store and after short use, the trouble was removed. It has never returned."

Mrs. Schweers is only one of many Hondo people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Schweers had—the remedy backed by home testimony, 60 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

MRS. AUGUSTA FOLK,  
 Hondo, Texas,  
 SOMEWHERE IN FRANCE,  
 August 23, 1918.

DEAR HOMEFOLKS:—

How are you all getting along? I hope you're all well. I am in the best of health so far and like the place where I am staying. We take care of a good many horses but we don't have to work very hard. I enjoyed my trip coming over here very much and saw many things I would like to write about but can't do so at present.

I can hear the guns roar all day and night. The Americans are gaining a few miles every day; so let us hope it will be over soon.

Henry Boehle and Monroe Haass are not with me any more, our company was divided when we got here; they went one way and I another. I don't know if we will get together again or not. Did you all get my letters and the one I wrote on the ship coming over here? We haven't had any wet weather since we are here, and it is still nice and warm, but I think it will get colder before very long. Do you all hear anything from Dick or Henry? I have been looking for them but have not seen them. Is John still at home? If he has to go, tell him to go to Camp Lee and try to get in the Veterinary school, then we might get to see each other sometime over here; it will be much better than to go to Camp Travis. How is Anton and Lina? Hope they are all well. Be sure and write often, maybe I will get the letters, but guess it will be some time before we'll get any mail. With love to everybody from

 MISS IDA FOLK,  
 Hondo, Texas.

DEAR AUNT:—

Will drop you a few lines letting you know that I am well and doing fine. Have been having a nice time since I am here. I guess you got my last letter I wrote the day we got here.

We moved from the first place we were stationed and are in a pretty nice place now. I have seen some fine country over here and the people treat us nice, they are sure glad to see us here.

I have seen lots of German prisoners, some in nearly every large town I've been going through. They all seem to be glad that they are prisoners and don't try to get away. When they're sent out to work, as many as ten or twelve will go under one man to guard them.

Well, as to the trip, I stood it fine. We were on the ship eleven days, that is it took us eleven days to cross the water. We never saw a submarine on the way and wasn't disturbed at all. A good many of the boys got sea sick but it didn't bother me. The weather is much colder here than at home, but still we have some hot days.

I have seen and talked with several of the boys that have been here a year and, believe me, they tell some very interesting stories of their experience at the front. I haven't seen any of the Camp Travis boys yet, but I heard they are camping near here. I will try to see them, maybe I will get to see Henry Martin and those other boys from around Hondo.

Well, I hope this will find you all in the best of health. Tell everybody hello for me. Tell Maud and the rest of the folks to write, and tell Grandma not to worry about me for I am doing fine. Your nephew,

ALBERT R. NEWMAN,  
 Co. C, 141st Inf., Am. Ex. Force,  
 via New York.

SOMEWHERE IN FRANCE,

Mr. L. MOFIELD, Hondo, Texas.

DEAR FRIEND:—

Will drop you a few lines to let you know that I am still alive and have been pretty lucky so far. In the last battle we were in I had a large shell burst right at me and it hurt my back. The shock of the shell practically unnerved me; otherwise I am O. K. As to Clyde, I do not know whether he is O. K. or not as I have not heard of him since June 29th.

I certainly did hate to hear of John's death if it is true. I only saw his name in the casualty list. I suppose you found it out long before I did, and I was fighting within three hundred yards of him, and I guess I have gone over the same ground he and his comrades lost their lives on. But you can rest assured of one thing: We certainly did push the Heinies and have been

**It stirs every American heart**

Who was not thrilled to read of the American soldier who supported a wounded comrade, and fought his way with the little detachment back through the Boches to the American lines?

That is only one deed of heroism among the many happening every day and looked on as a matter of course by the boys fighting for us over there. It shows the stuff that's in them. They are our own sons and brothers. Is the same stuff in us over here?

We have the opportunity at home to show our patriotism by other deeds of valor. We can fight and we MUST fight. And we must WIN, no matter how heavy our burdens may be.

Our former habits are the Huns we've got to battle with. We can't go on living as we used to. We can't go on spending our money for things we like. We must set up new standards—war standards—and stick to them—loyally.

From now on there can be only one standard for those of us who fight behind the lines—by saving and lending

**We must buy bonds to our utmost**

pushing them ever since, and I hope we can continue to push them until we finish them. I may be the next to go, but such is the fate of war. We are all alike over here, and are all fighting for the same cause. War is a fearful game and always exacts its toll. I hope this year will see the finish of the game and that what boys of us who are alive will be able to get back in the States by Xmas.

My sympathy goes out to you and your family in the loss of John, but I am satisfied he died a soldier, and he has done what thousands of others are doing—giving their lives for their country's sake. That is the highest demand his country can ask of him.

Well I have to close for this time: will write you again later on.

Will close with best wishes to you and your family,

I am as ever your friend,

ROSS HOLLAWAY.

### WONDERFUL STORY.

### LIFT OUT YOUR CORNS

Apply a few drops then lift corns or calluses off with fingers—no pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.

USES SUGAR IMPROPERLY;  
PAYS \$200 TO RED CROSS.

Joe Moley, a retail grocer at Orange, Texas, took sugar which had been allotted to him as a retailer and used it in the manufacture of soft drinks. He was called to account by the Food Administration and has promised to not violate the rules and regulations again. Moley is a small dealer, and his offer to pay \$200.00 to the Red Cross rather than endure the sting of an unfair order, has been accepted by Administrator Peden. The money has been paid the Red Cross and the file is closed.

## Forward!

With no thought of bursting shrapnel and poisonous gases into which they plunge—with every muscle tense, with every faculty of mind alert, with one thought only—TO FIGHT AND WIN.

That is the way our men are going into battle. When the shrill whistle sounds the advance, out they go—their whole heart in the task before them. No power on earth can hold them back.

## Forward!

The same sharp challenge to battle is sounding for us. We must answer in the same proud way—the way of our fighting men—the American way. We must lend the way they fight.

We must show the war-maddened Hun a united American people moving forward shoulder to shoulder, irresistibly, to Victory.

Our task is to supply the money, the ships, the guns, the shells that we must have to win. It is a tremendous task. We must do it as our fighting men do theirs—with the indomitable spirit of Victory.

We must work, and save, and lend with one thought only—TO FIGHT AND WIN.

Get into the fight—with your whole heart. Buy Bonds—to the utmost!

## "Carry On"

THE fighting slogan in France, gathering inspiration and significance as the conflict grows more violent and more desperate, is "Carry On." On land, on sea, in the air, it rings sharp and clear.

Into the front line trenches comes the signal to charge. The company commander swings "over the top." At his heels, pushing and stumbling through the hell of "No Man's Land," come the boys. They gain a yard, five, ten, and the machine guns speak. The commander falls, but over his shoulder, above the din of battle, he shouts, "Carry On, Lieutenant!" So on and on, till every officer falls, and the grizzled old Sergeant sets his teeth and takes what's left of them on to victory.

"Carry On" must be our slogan here at home. We must "Carry On" to the utmost limit our ability, to the last dollar of our resources, till Victory is won. Let us stand shoulder to shoulder—buy all the Liberty Bonds we can. Let us keep our Bonds and save to buy more.
